

Zone 7 Garden in a Box

Year-round Color Shade Garden

<p>A. Platinum Beauty <i>Lomandra longifolia 'Roma13'</i></p> <p>Variiegated grass like evergreen perennial that brightens up the shade. Lush green and white arching blades add texture and movement to the garden</p> <p>Size: 2-3' H x 2-3' W</p> <p>Exposure: Part sun, Shade, Full Sun*</p> <p>Care: Remove dead blades as needed. Can tolerate a haircut every 3-5 years if gets too ragged.</p>	<p>B. Sea Statice/Sea Lavender <i>Limonium perezii</i></p> <p>Large dark green leaves with large clusters deep purple blooms that make great cut flowers</p> <p>Size: 2'-3' H 2-3' W</p> <p>Exposure: Part sun, Shade, Full Sun*</p> <p>Flower Season: Winter, Spring, Summer, Fall</p> <p>Care: Remove flowers after bloom to extend bloom season. Remove dead leaves late winter early spring. <i>May be winter deciduous if temps drop below 24F</i></p>
<p>C. Native Iris <i>Iris douglasiana/Paific Coast Hybrids</i></p> <p>Perennial bulb that blooms in spring amongst deep green strap leaves.</p> <p>Size: 1-2' H 2-3' W</p> <p>Exposure: part sun, shade</p> <p>Flower Season: Spring, Early Summer</p> <p>Care: Cut back plant after leaves fade.</p>	<p>D. Alum Root Hybrid <i>Heuchera Rosada</i></p> <p>Large leafed clumping perennial with rosy blooms atop in spring and early summer. Perfect addition to a dry shade garden.</p> <p>Size: 12-18" H x 18-24" W</p> <p>Exposure: Part Sun, Shade, Full Sun*</p> <p>Flower Season: Spring</p> <p>Care: Remove spent blooms; Remove dry or dead leaves as required. May be summer deciduous with no summer irrigation but will come back with fall rains</p>

* Plant will require more water in full sun
