

Zone 7 Water Agency Flood Preparedness

Flooding: What You Can Do to Prepare

- Keep all storm drains, roof gutters, pipes, downspouts, driveway culverts and drainage ditches free of debris.
- Remove any dead trees or brush.
- Ensure your drainage is directed toward the storm drain system.
- If gutters are filling, use a rake, broom or shovel to remove debris from the storm drain opening, being sure to leave the grate in place.
- Keep your car fueled and disaster supplies handy.
- For flood insurance information, call your insurance agent or the National Flood Insurance Program (1-800-638-6620).
- Check out the state Department of Water Resources website, <https://water.ca.gov/What-We-Do/Flood-Preparedness>.

Who to Contact

To contact Zone 7, call 925-454-5000 during normal business hours (Monday-Friday, 8 a.m. to 5 p.m.). After hours, call 925-447-6704. Note that you may be referred to one of the agencies below, if appropriate. In an emergency, call 911.
