

Questions and Answers – As-Needed Centrifuge Repair Services

1. Who will be removing the rotating assembly?
A: The Maintenance Department would rent a crane to remove the rotating assembly.

2. Is this for one rebuild only?
A: No. The contract will be on as-needed basis. It can be a rebuild or a simple repair.

3. What services will be needed on site?
A: Depending on the work required. Repairs are assumed to be done in the contractor's shop, unless on-site repairs are possible and/or needed.

4. What are the prevailing wages and taxes?
A: Please refer to the DIR website. Prevailing wages will be applied if work is done on site. Sales tax applies to parts only if invoice is itemized. Sales tax for Livermore is 10.25%.

5. What licenses and permits will we need, if any?
A: No special license or permits will be needed.

6. Who currently has the service contract?
A: None.
