Monitoring Entity Designation for Zone 7 Water Agency under the
California Statewide Groundwater Elevation Monitoring Program

Dear Mr. Rooze:

Thank you for volunteering to be a Monitoring Entity for the California Statewide Groundwater Elevation Monitoring (CASGEM) program. On January 19, 2011, the Department of Water Resources (DWR) received your notification that Zone 7 Water Agency intends to assume responsibility for monitoring and reporting local groundwater elevations for the CASGEM program. Based on review and verification of the information that you submitted to DWR via the CASGEM Online Submittal System, Zone 7 Water Agency is designated as the Monitoring Entity for the following groundwater basin:

- Livermore Valley (2-10)

The CASGEM Online System is ready to accept submittal of your groundwater elevation data. In accordance with the Water Code, you should submit groundwater elevation data for the wells you have included in the CASGEM program, beginning with data collected in fall 2011.

Additional information is available on the CASGEM program website at <http://www.water.ca.gov/groundwater/casgem>.

If you have any questions about the CASGEM program, please contact Chris Bonds in DWR's North Central Region Office at 3500 Industrial Boulevard, West Sacramento, California 95691, (916) 376-9657, or email Chris.Bonds@water.ca.gov.

Thank you for your participation in the CASGEM program.

Sincerely,

A handwritten signature in blue ink, appearing to read "Paula J. Landis", followed by a horizontal line.

Paula J. Landis, Chief
Division of Integrated Regional Water Management

cc: Chris Bonds, North Central Region Office
Brett Wyckoff, Bonderson Building
