100 North Canyons Parkway
Livermore, CA 94551
(925) 454-5000

DATE: May 1, 2025

TO: Water Resources Committee

FROM: Colleen Winey, Acting Senior Geologist
Jacob Danielsen, Junior Geologist

SUBJECT: Groundwater Monitoring Program Implementation

SUMMARY:

- To support the Mission to deliver safe, reliable, efficient, and sustainable water, Zone 7 Water Agency (Zone 7) implements the groundwater monitoring program to sustainably manage the Livermore Valley Groundwater Basin as the exclusive Groundwater Sustainability Agency. This action supports Strategic Plan Goal B – Reliable Water Supply and Infrastructure and is to implement Strategic Plan Initiative #5 – Develop a diversified water supply plan and implement supported projects and programs, Goal C – Safe Water and is to implement Strategic Plan Initiative #9 – Implement the PFAs Management Strategy, and Goal D – Groundwater Management and is to implement Strategic Plan Initiative #11 - Groundwater Management.
- The groundwater monitoring program includes monthly and semiannual water level data collection and water quality analysis. As part of Zone 7's per- and polyfluoroalkyl substances (PFAS) management strategy, selected monitoring wells are periodically sampled and analyzed for PFAS compounds.
- In this meeting, staff will present features of the monitoring program and an overview of the advanced telemetry system used to collect water level data efficiently.
