WATER CONNECTION FEE INFORMATION SHEET

**Effective January 1, 2021**

**I. GENERAL BACKGROUND**

- A. The Water Connection Charge Ordinance No. FC 72-1 as amended for Zone 7 was established January 18, 1972. The ordinance is applicable over the Zone 7 area that includes Livermore, Pleasanton, Dublin, Sunol, and surrounding communities. The Ordinance requires a one-time water connection fee for all new water services from a water system that is directly connected to the Zone 7 water supply system. This fee is used for funding the costs of expanding the Zone 7 water treatment and distribution system to serve new development.
- B. The amount charged for a water connection is determined by the size of the meter to be installed. The meter sizes and corresponding water connection fees are listed below.

**II. PROCEDURES FOR PAYMENT OF WATER CONNECTION FEES IN LIVERMORE, PLEASANTON, & DUBLIN**

The water connection fees are collected by the Building Departments of the Cities of Livermore and Pleasanton, and by the Dublin San Ramon Services District, which are agents for Zone 7. For that area within the Cal Water service area which is located outside of the Livermore city limits, connection fees will be paid at the Zone 7 office in Livermore.

\* Connection fees for meters 3-inch and larger and for meters with fee factors other than those listed above, will be determined by Zone 7, using the fee factor for Maximum Rate for Continuous Operation, as defined by AWWA. These fees are based on the Maximum Continuous Flow Rate through a 5/8" meter and are proportional based on flow ratings for the various sized meters. Flow ratings for displacement type meters are defined by AWWA C700 for Cold-Water Meter -- Displacement Type, Bronze Case. Flow ratings for turbine type meters are defined by AWWA C701 for Cold Water Meters -- Turbine Type, For Customer Service. Any changes to meter capacities will affect the above connection fees.
