I. Purpose

Alameda County Flood Control and Water Conservation District, Zone 7 Water Agency (hereafter referred to as "Agency") desires to hire a qualified and reliable contractor to repair the roofs of the Maintenance Shop, Upper and Lower Maintenance Trailers at the Del Valle Water Treatment Plant located at 901 E. Vineyard Ave. Livermore, CA 94550. The Agency will award the contract to the lowest, responsive, and responsible bidder.

All bidders shall meet the provisions, requirements and specifications listed in the Request for Proposal (RFP) # 2024-03.

II. Description of the Agency

1. Organization, Purpose and Powers

The Agency is a dependent special district established under the Alameda County Flood Control and Water Conservation District Act (the "District Act"). The District Act (Act 20 of the Uncodified Acts of the California Water Code) was passed by the state Legislature in 1949. The Agency was established by a vote of the residents of the Livermore-Amador Valley (the "Livermore Valley") area in 1957, with its own independently-elected board to provide local control of integrated water resources. The Agency is responsible for providing wholesale treated (drinking) and untreated (agricultural irrigation) water, flood control and groundwater management throughout eastern Alameda County.

The Agency is further authorized by the District Act to prevent interference with or diminution of, or to declare rights in the natural flow of any stream or surface or subterranean supply of waters used or useful for any purpose of the Agency and to prevent contamination, pollution or otherwise rendering unfit for beneficial use the surface or subsurface water used or useful in the Agency. The Agency has broad powers to finance, construct and operate a system for the transportation, storage, treatment, and distribution of water. The Agency is also authorized to levy replenishment assessments upon the production of groundwater from all water-producing facilities, whether public or private, within the Agency's service area.

In 2003, the legislature passed Assembly Bill 1125 and gave the Agency Board full authority and autonomy to govern matters solely affecting the Agency independently of the Alameda County Board of Supervisors. The Alameda County Board of Supervisors, acting as the Board of Supervisors of the Alameda County Flood Control and Water Conservation District (the "District"), governs the other nine zones of the District. The other zones are operationally and financially independent from the Agency.

2. Service Area

The Agency's service area covers 425 square miles of eastern Alameda County. The Agency supplies treated drinking water to retailers serving over 266,000 people and businesses in Pleasanton, Livermore, Dublin, and through a special agreement with the Dublin San Ramon Services District, the Dougherty Valley area in San Ramon. The Agency also supplies untreated irrigation water to local vineyards, farms and golf courses, and provides both flood protection and groundwater management to all of eastern Alameda County. Of the approximately 55,000 acre-feet of water used in the Agency's service area on average in a normal rainfall year, the Agency estimates that approximately 53% of water use in the Agency's service area is residential, approximately 11% is commercial/industrial, approximately 14% is agricultural, approximately 18% is landscape/other and approximately 4% is public water use. The 55,000 acre-feet of water referred to above includes treated water provided by the Agency, local groundwater pumped by the water retailers, water provided by the State Water Project, and local surface water.

III. Scope of Service

Governing Law and Regulations

The services will be performed in, construed by and interpreted according to the laws of the State of California. Bidder will comply with all federal, state, and local laws, standards, regulations, licenses, and permits.

VII. Prevailing Wage/Compliance with Provisions of Laws Relative to Public Contracts

The per diem wages shall be an amount equal to or more than the stipulated rates contained in a schedule that has been ascertained and determined by the Director of the State Department of Industrial Relations and Agency to be the general prevailing rate of per diem wages for each craft or type of workman or mechanic needed to execute this Contract. Contractor shall also cause a copy of this determination of the prevailing rate of per diem wages to be posted at the site of the Work.

VIII. Contractor Registration Requirements

Pursuant to Labor Code Section 1771.1(a) **[A Contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, as defined in this chapter, unless currently registered and qualified to perform public work pursuant to Labor Code Section 1725.5.](#)** It is not a violation of this section for an unregistered Contractor to submit a bid that is authorized by

Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the Contractor is registered to perform public work pursuant to Section 1725.5 at the time the contract is awarded.

(c) An inadvertent error in listing a sub-consultant who is not registered pursuant to Section 1725.5 in a proposal shall not be grounds for filing a protest or grounds for considering the proposal nonresponsive, provided that any of the following apply:

(1) The sub-consultant is registered prior to the proposal submittal date.

(2) Within 24 hours after the proposal submittal date, the sub-consultant is registered and has paid the penalty registration fee specified in subparagraph (E) of paragraph (2) of subdivision (a) of Section 1725.5.

(3) The sub-consultant is replaced by another registered sub-consultant pursuant to Section 4107 of the Public Contract Code.

Only vendors/contractors that are subject to the public works statutes would be required to register. A&E firms that are not doing or subcontracting out tasks subject to public work requiring prevailing wages are not subject to registration and public works laws. Design work is not subject to prevailing wages and, therefore, not considered public work, and the firm does not have to register. For example, A&E tasks that are subject to public works laws would be surveying, soil testing, material testing, and building/construction inspection, as there is prevailing wage determination for these works.

No contractor or subcontractor may be awarded a contract for public work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code Section 1725.5 [with limited exceptions from this requirement for bid purposes only under Labor Code section 1771.1(a)].

If such a plan varies from the shoring system standards established by the Construction Safety Orders of the California Department of Industrial Relations (Cal/OSHA), the plan shall be prepared by a California registered civil or structural engineer. As part of the plan, a note shall be included stating that the registered civil or structural engineer certifies that the plan complies with the Cal/OSHA Construction Safety Orders, or that the registered civil or structural engineer certifies that the plan is not less effective than the shoring, bracing, sloping or other provisions of the Safety Orders. In no event shall the Contractor use a shoring, sloping, or protective system less effective than that required by said Construction Safety Orders. Submission of this plan in no way relieves the Contractor of the requirement to maintain safety in all areas. Contractor’s failure to continually satisfy the insurance requirements set forth in this Agreement shall constitute a material breach of this Agreement. Contractor shall, upon demand of the Agency, deliver to the Agency such policy or policies of insurance and the receipts for payment of premiums thereon.
- 6.11. **Continuation of Coverage.** If any of the required coverages expire during the term of this Agreement, Contractor shall deliver the renewal certificate(s) including the general liability additional insured endorsement to the Agency at least ten (10) days prior to the expiration date. Failure to comply with this requirement shall constitute a material breach of this Agreement. The insurance requirements in this Agreement do not in any way represent or imply that such coverage is sufficient to adequately cover the Contractor’s obligations under this Agreement. All insurance or self-insurance coverage and limits applicable to a given loss or available to the named insured shall be available and applicable to the additional insured. The insurance obligations under this Agreement are independent of and in addition to the defense and indemnity obligations contained elsewhere in this Agreement and shall not in any way act to limit or restrict the defense or indemnity or additional insured obligations of the Contractor or the Contractor’s insurance carrier, and shall be for the greater of (1) the full extent of the insurance or self-insurance coverages and limits carried by or available to the Contractor

or (2) the minimum insurance coverage and amounts shown in this Agreement. Agency reserves the right in its sole discretion to add such other parties as may be required in the future to the indemnity and additional insured requirements of this Agreement.

- 6.12. **Subcontractors.** In the event that Contractor employs any Subcontractors as part of the Services covered by this Agreement, it shall be Contractor's responsibility to require and confirm that each Subcontractor meets the minimum insurance requirements specified above. Contractor shall, upon demand of Agency, deliver to Agency copies of such Subcontractor policy or policies of insurance and the receipts for payment of premiums thereon.
- 6.13. **Responsibility for Work.** Until the completion and final acceptance by the Agency of all the work under and implied by this Agreement, the work shall be under the Contractor's responsible care and charge. The Contractor shall rebuild, repair, restore and make good all injuries, damages, re-erections, and repairs occasioned or rendered necessary by causes of any nature whatsoever. Contractor shall provide and maintain builder's risk insurance (or an installation floater) covering all risks of direct physical loss, damage, or destruction to the work, to insure against such losses until final acceptance of the work by the Agency. Such insurance shall insure at least against the perils of fire and extended coverage, theft, vandalism and malicious mischief, and collapse. The Agency, its directors, officers, employees, and authorized volunteers shall be named insureds on any such policy. The making of progress payments to the Contractor shall not be construed as creating an insurable interest by or for the Agency or be construed as relieving the Contractor or its subcontractors of responsibility for loss from any direct physical loss, damage or destruction occurring prior to final acceptance of the work by the Agency. Contractor shall waive all rights of subrogation against the Agency, its directors, officers, employees, or authorized volunteers.

7. LABOR AND MATERIALS

Contractor shall furnish, at its own expense, all labor, materials, equipment, tools, transportation and services necessary for the successful completion of the Services to be performed under this Agreement. Contractor shall give its full attention and supervision to the fulfillment of the provisions of this Agreement by its employees and Subcontractors and shall be responsible for the timely performance of the Services required by this Agreement. Contractor's standard schedule of fees and charges is included in the Fee Schedule attached hereto as Appendix B and incorporated herein by reference. All compensation for Contractor's Services under this Agreement shall be pursuant to the Fee Schedule.

8. TERM OF THE AGREEMENT

- 8.1. **Term.** This Agreement between the Agency and Contractor is for a term of **NUMBER OF MONTHS**, beginning **DATE** and ending **DATE**, subject to the termination provisions herein.
- 8.2. **Termination.** The Agency may terminate this Agreement for any reason by giving Contractor at least thirty (30) days' **or earlier (depending on nature of services)** prior written notice of such termination. Such termination shall not relieve the Agency from

responsibility for payment for Services rendered by Contractor prior to the date of termination but shall relieve the Agency of its obligations for the full payment of compensation due under the Agreement for the Services of Contractor after the notice of termination.

- 8.3. **Termination for Cause.** The Agency may terminate the Agreement for cause, effective immediately upon written notice of such termination to Contractor, based upon the occurrence of any of the following events:
- 8.3.1. Material breach of the Agreement by Contractor;
 - 8.3.2. Cessation of Contractor to be licensed, as required by law;
 - 8.3.3. Failure of Contractor to substantially comply with any applicable federal, state or local laws or regulations;
 - 8.3.4. The voluntary or involuntary filing of any petition under any law for the relief of debtors with respect to Contractor;
 - 8.3.5. Conviction of Contractor of any crime other than minor traffic offenses.
- 8.4. **Compensation Upon Termination.** If the Services of Contractor are terminated, in whole or in part, Contractor shall be compensated as provided herein for all Services and approved Extra Services performed prior to the date of such termination.

9. CALIFORNIA LABOR CODE REQUIREMENTS

- 9.1. Contractor is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq. ("**Prevailing Wage Laws**"), which require the payment of prevailing wage rates and the performance of other requirements on certain "public works" and "maintenance" projects. If the services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is \$1,000 or more, Contractor agrees to fully comply with such Prevailing Wage Laws, if applicable. Contractor shall defend, indemnify and hold the Agency and the Agency Indemnified Parties free and harmless from any and all claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure to comply with the Prevailing Wage Laws in connection with the Services contemplated in this Agreement. It shall be mandatory upon the Contractor and all sub-Contractors to comply with all California Labor Code provisions, which include but are not limited to those regarding prevailing wages, employment of apprentices, hours of labor, and debarment of Contractors and subcontractors.
- 9.2. If the services are being performed as part of an applicable "public works" or "maintenance" project, in addition to the foregoing, then pursuant to California Labor Code Sections 1725.5 and 1771.1, the Contractor and all sub-Contractors must be registered with the Department of Industrial Relations ("**DIR**"). Contractor shall maintain registration for the entire term of this Agreement and shall require the same of any Subcontractors. The Services may also be subject to compliance monitoring and

enforcement by the DIR. It shall be Contractor's sole responsibility to comply with all applicable registration and labor compliance requirements, including the submission of payroll records directly to the DIR.

10. INTERESTS OF CONTRACTOR

- 10.1. Contractor represents and warrants that it presently has no interests, and covenants that it will not acquire any interests, direct or indirect, financial or otherwise, that would conflict with the performance of the Services to be provided by Contractor under this Agreement. Contractor further covenants that, in the performance of this Agreement, it will not employ any Subcontractor or employee with any such interest. Contractor certifies that no one who has or will have any financial interest under this Agreement or within Contractor is a director, officer or employee of the Agency.
- 10.2. Although Contractor is retained as an independent contractor, Contractor's employees or agents may still be required under the California Political Reform Act and the Agency Conflict of Interest Code to file annual financial disclosure statements. Contractor agrees that its employees and/or agents will file with the Agency in a timely manner those financial disclosure statements that the Agency determines Contractor is required to file pursuant to the Political Reform Act. Failure to file such financial disclosure statements by Contractor and any of its employees or agents is grounds for termination of this Agreement.

11. COMPLETED WORK AND WORK PRODUCT

In the event of termination or completion of the Services under the Agreement, Contractor shall, at the Agency's request, promptly surrender to the Agency all completed work and work in progress and all materials, records and notes developed, procured, or produced pursuant to the Agreement. Contractor may retain copies of such work product as a part of its record of professional activity.

12. CONFIDENTIALITY AND RESTRICTIONS ON DISCLOSURE

- 12.1. **Confidential Nature of Materials.** Contractor understands that all documents, records, reports, data, or other materials provided by the Agency to the Contractor pursuant to the Agreement (collectively "**Materials**"), including but not limited to draft reports, final report(s) and all data, information, documents, graphic displays and other items that are not proprietary to the Contractor and that are utilized or produced by the Contractor pursuant to the Agreement are to be considered confidential for all purposes.
- 12.2. **No Disclosure of Confidential Materials.** The Contractor shall be responsible for protecting the confidentiality and maintaining the security of the Agency documents and records in its possession. All Materials shall be deemed confidential and shall remain the property of the Agency. The Contractor understands the sensitive nature of the above and agrees that neither Contractor nor its officers, partners, employees, agents or Subcontractors will release, disseminate, or otherwise publish said reports or other such data, information, documents, graphic displays, or other materials except as provided herein or as authorized in writing by the Agency. The Contractor agrees not to make use of such Materials for any purpose not related to the performance of the Services under

the Agreement. The Contractor shall not make written or oral disclosures thereof, other than as necessary for its performance of the Services hereunder, without the prior written approval of the Agency. Disclosure of confidential Materials shall not be made to any individual, agency, or organization except as provided for in the Agreement or as may be required by law, or by a court of competent jurisdiction.

- 12.3. **Protections to Ensure Control over Materials.** All Materials saved or stored by the Contractor in an electronic form shall be protected by adequate security measures to ensure that such Materials are safe from theft, loss, destruction, erasure, alteration, and any unauthorized viewing, duplication, or use. Such security measures shall include, but not be limited to, the use of current virus protection software, firewalls, data backup, passwords, and internet controls.
- 12.4. **Survival of Confidentiality Provisions.** The provisions of this Section 12 shall survive the termination or completion of the Agreement.

13. OWNERSHIP OF DOCUMENTS AND DISPLAYS

All original written or recorded data, documents, graphic displays, reports or other materials which contain information relating to the Contractor's performance hereunder and which are originated and prepared for the Agency pursuant to the Agreement shall be "work for hire" and shall be the property of the Agency. The Contractor hereby assigns all of its right, title and interest therein to the Agency, including but not limited to any copyright interest. In addition, the Agency reserves the right to use, duplicate and disclose in whole, or in part, in any manner and for any purpose whatsoever all such data, documents, graphic displays, reports or other materials delivered to the Agency pursuant to this Agreement and to authorize others to do so. To the extent that the Contractor utilizes any of its property (including, without limitation, any hardware or software of Contractor or any proprietary or confidential information of Contractor or any trade secrets of Contractor) in performing services hereunder, such property shall remain the property of Contractor, and the Agency shall acquire no right or interest in such property.

14. ASSIGNMENT PROHIBITED

The Contractor shall not assign, transfer, convey, or otherwise dispose of its rights, obligations, title or interest in or to this Agreement or any part thereof without the prior written consent of the Agency, which consent may be withheld at the Agency's sole discretion.
