Livermore, CA 94551

Request for Qualifications
for
Bond and/or Disclosure Counsel Services

Issued on: March 16, 2023

Response Deadline: March 30, 2023

INTENT

The Zone 7 Water Agency (hereafter referred to as “Agency or Zone 7”) is soliciting proposals from qualified firms to provide bond counsel and/or disclosure counsel services. Zone 7 intends to engage one firm for bond counsel services and one firm for disclosure counsel services but reserves the right to engage a single firm to provide both services.

The firm(s) selected to provide bond / disclosure counsel services will assist the Agency both during “live” transactions as well as outside “live” transactions, as requested, during the term of the engagement. It is currently expected that the Agency will issue approximately \$30mm of debt in CY 2023 to provide funds for construction of treatment facilities for Per- and Polyfluoroalkyl substances (PFAS) (the “Water Project”) and other water system capital improvements.

DESCRIPTION OF THE AGENCY

The Agency is a dependent special district established under the Alameda County Flood Control and Water Conservation District Act (the “District Act”). The District Act (Act 20 of the Uncodified Acts of the California Water Code) was passed by the state Legislature in 1949. The Agency was established by a vote of the residents of the Livermore-Amador Valley (the “Livermore Valley”) area in 1957, with its own independently-elected board to provide local control of integrated water resources. The Agency is responsible for providing wholesale treated (drinking) and untreated (agricultural irrigation) water, flood control, and groundwater management throughout eastern Alameda County.

The Agency is further authorized by the District Act to prevent interference with or diminution of, or to declare rights in the natural flow of any stream, surface, or subterranean supply of waters used or useful for any purpose of the Agency, and to prevent contamination and/or pollution of the surface or subsurface water used or useful in the Agency. The Agency has broad powers to finance, construct, and operate a system for the transportation, storage, treatment, and distribution of water. The Agency is also authorized to levy replenishment assessments upon the production of groundwater from all water-producing facilities, whether public or private, within the Agency’s service area.

In 2003, the legislature passed Assembly Bill 1125 and gave the Agency Board full authority and autonomy to govern matters solely affecting the Agency independent of the Alameda County Board of Supervisors. The Alameda County Board of Supervisors, acting as the Board of Supervisors of the Alameda County Flood Control and Water Conservation District (the “District”), governs

the other nine zones of the District. The other zones are operationally and financially independent from the Agency.

Livermore Valley Water Financing Authority

The Livermore Valley Water Financing Authority (the “Authority”) was formed on November 1, 2017 to assist in the financing of public capital improvements. The Authority is a joint exercise agency organized under the laws of the State of California and is composed of Zone 7 and the California Statewide Communities Development Authority. The Agency’s Board of Directors serves as the governing Board of the Authority.

On March 28, 2018, the Agency issued the Livermore Valley Water Financing Authority Water Revenue Bonds, 2018 Series A to finance the 2018 Water Project, which included \$57 million for Del Valle Water Treatment Plant (DVWTP) and Patterson Pass Water Treatment Plant (PPWTP) ozone projects and refunding of \$14.1 million capital payments in connection with the Cawelo Water District Certificates of Participation, Series 2006 for the Groundwater Banking Program. The Agency had \$59.9 million in outstanding debt as of 6/30/2022.

In 2018, S&P Global Ratings and Fitch Ratings Inc. (“Fitch”) assigned municipal bond ratings of “AA+” and “AA”, respectively, to the 2018 Series A bonds. In 2020, Fitch upgraded the Agency’s bond rating from AA to AA+. In June 2022, Fitch affirmed the bond rating of AA+ with a stable outlook. The Agency’s bond ratings can be found at <https://www.zone7water.com/investors>.

Notwithstanding the foregoing obligations, Consultant shall not at any time be responsible for any claims, liabilities or demands to the extent that they arise from the negligence or willful misconduct of the Agency, provided, however, that contributory negligence will not relieve Consultant of its obligation to defend unless the claims, liabilities or demand are the result of the sole negligence or willful misconduct of Agency.
